ANTI-OPPRESSION THROUGH EXPERIENTIAL LENS: A FEW RESOURCES

- I assume you guys already know Resmaa Menakem's work, but I'll put a few other names below that do a fantastic job of deepening anti-racism (or other isms) with the power of experiential tracking / resourcing. Memory reconsolidation unforunately isn't much discussed in this area (though I know Francesca Marguerite Maximé brings it in). But you can see it in action!
- Linda Thai - is amazing, as you'll see
- Shelly Harrell - the way she speaks of 'soulfulness' (as oppossed to just 'mindfulness,' particularly for African Americans), is so brilliant and deep. She leads retreats!
- Deran Young - using IFS, a great model for this work
- Akilah Riley-Richardson -anti-oppression brought to couples work. I love her P.R.I.D.E. model.

TORI SONGS:

- "THE CALL"
- "FOUND ME"
- "NEED TO CRY"
- "FALLING IN"
- "WE'RE ALL TRYING"
